COMMAND THE CONVERSATION WITH POLY AND MICROSOFT TEAMS

Poly creates premium audio and video products so you can have your best Teams meeting—anywhere, anytime, every time. Our Teams certified personal audio and video devices are beautifully designed and engineered to connect people with incredible clarity. They're pro-grade, easy to use and work seamlessly with Microsoft Teams. With Poly and Microsoft Teams, you'll do more than just show up, you'll stand out.

FEATURED WORK ENVIRONMENTS

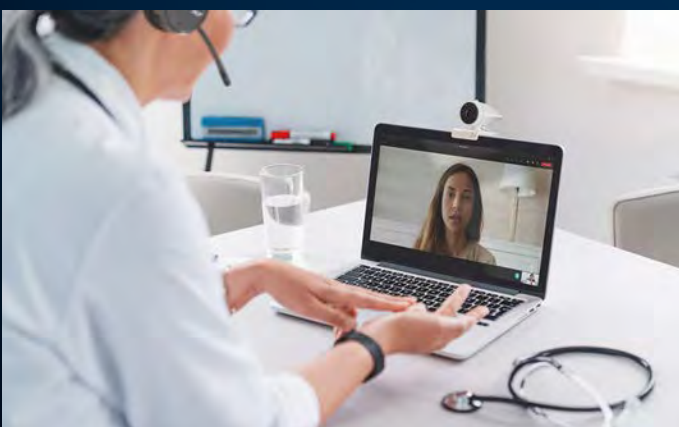

Hybrid Working

Power up your employees with equal impact from their kitchen tables and their office desks. In an ever-shifting workplace, Poly audio and video devices for Microsoft Teams help your team feel like they're in the room, even if they're in the bedroom.

Education

Poly solutions are here to make distance learning a little bit easier. Our audio and video devices are easy to set up and offer the connection you need. Poly devices can also be managed remotely, even when connected to a home network. We got your back.

Healthcare

Poly audio and video solutions support countless patient encounters per month around the world—saving time, money and most importantly, lives. From telemedicine to staff communication and from clinical education to day-to-day business, Poly is uniquely positioned to deliver the highest quality, interactive healthcare experiences.

Government

Poly's professional grade collaboration solutions are used around the world, improving national security, enhancing healthcare services, delivering distance learning, and mitigating costs of traditional justice processes.

VIDEO

Poly personal video conferencing devices for Microsoft Teams make the most of video calls from wherever work happens. High-performance cameras compensate for lighting imbalances. Premium audio eliminates distractions.

POLY STUDIO P5

The Poly Studio P5 webcam ensures you look your best on video calls at home, in the office, or wherever you're working. Exceptional camera optics are fine-tuned so you always come across clearly with a powerful, professional-quality image.

Poly Studio P5

POLY STUDIO P15

The Poly Studio P15 personal video bar gives you everything you need to look and sound your best on video calls in one sleek device. Exceptional optics and powerful audio deliver a premium experience for all your remote meetings, and automatic camera framing ensures you're always seen without staying glued to your chair.

Poly Studio P15

POLY STUDIO P21

The Poly Studio P21 personal meeting display makes it simple to set up a premium video conferencing experience in your personal workspace. One device delivers the complete experience, including display, camera, microphones and speakers, with a single USB connection to your PC or Mac so it can be used with any video app.

Poly Studio P21

HEADSETS

Poly headsets are beautifully designed tech that let you hear and be heard with incredible clarity, while tuning out distractions. Delivering crazy good audio for your most important conversations.

Poly's Microsoft Teams-certified headsets meet Microsoft's audio requirements and include a dedicated Teams button to instantly invoke Microsoft Teams to the foreground for streamlined communications. Poly headsets certified for Skype for Business are recertified for Microsoft Teams, providing similar user experience.

VOYAGER 5200 OFFICE AND UC SERIES

Workers in and out of the office need a Bluetooth® headset that moves with them. Voyager 5200 Office and UC Series headset system sounds professional in any environment whether connected to a desk phone, PC or mobile.

Voyager 5200
Office UC Series
